

DecoPrem

A mineral based release agent for concrete where all types of moulds and formwork is used including rubber and latex moulds.

Features

- Solvent free and therefore suitable for rubber, polystyrene and latex moulds
- Ready to use product
- Specially formulated for concrete
- Will not clog fine jets, even at freezing temperatures

Benefits

- Reduces imperfections and surface damage
- Does not stain or affect the colour of the concrete
- Does not affect the adhesion of subsequent finishes and coatings
- Water repellent and not effected by rain
- Does not modify cement hydration

Technical Information

PARAMETER	TYPICAL VALUE
Appearance	Translucent Amber Liquid
Specific Gravity	0.80 – 0.90

Directions for use

Before application

1. Formwork must be stripped and cleaned of concrete and oil deposits.
2. Any degreasing cleaning agent will facilitate the cleaning process.
3. Apply before concreting starts and reinforcement is fixed and as near as possible to the first concrete pour.
4. Usually applied with a high pressure oil sprayer, but is also applied with a rag, mop, paint roller, sponge or brush.

After application

1. Remove excess oil with a rag.
2. Formwork should be re-coated if casting is scheduled more than 2 days after DecoPrem is applied.

Coverage

Coverage depends on how much the mould absorbs and on the method of application. Rubber and latex moulds: 30 m2 per litre.

Precautions

Avoid excessive application.
Prevent and remove excess dust from accumulating on the surface of the formwork.

Product Packaging

Available in bulk, 1,000 litre IBCs, 210 litre drums and 25 litre jerry cans.

Product Storage & Shelf Life

DecoPrem has a shelf life of 8 months in original, unopened packaging. Store between 5°C and 25°C away from direct sunlight. Viscosity will vary with temperature.

For Industrial Use Only. Not for internal consumption.
Consult SDS for safety and regulatory information.
